INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
University of Louisiana at Monroe:

We have audited the accompanying statements of financial position of KEDM (A Public Telecommunications Entity operated by University of Louisiana at Monroe) as of June 30, 2010 and 2009, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the University's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of KEDM as of June 30, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2010 AND 2009

Note 1 - Summary of Significant Accounting Policies

A. Organization

KEDM (the Station) is a noncommercial radio station operated by the University of Louisiana at Monroe. The Station adheres to the standards of accounting and reporting as described in Principles of Accounting and Financial Reporting for Public Telecommunication Entities published by the Corporation for Public Broadcasting.

B. Basis of Accounting

The financial statements of the Station have been prepared on the accrual basis. The significant accounting policies followed by the Station are described below to enhance the usefulness of the financial statements to the reader.

C. Basis of Presentation

FASB Accounting Standards Codification (ASC) section 958-205 *Not-for-Profit Entities, Presentation of Financial Statements* establishes standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into three net asset categories according to externally (donor) imposed restrictions. ASC section 958-605 *Not-for-Profit Entities, Revenue Recognition* requires that unconditional promises to give (pledges) be recorded as receivables and revenues and requires the organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions.

A description of the three net asset categories follows:

Unrestricted Net Assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily Restricted Net Assets - Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Station and/or the passage of time. There were \$35,913 and \$78,318 in temporarily restricted net assets at June 30, 2010 and 2009, respectively. Temporarily Restricted Net Assets are restricted for expenses allowed by the Corporation for Public Broadcasting.

Permanently Restricted Net Assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Station. Generally, the donors of these assets permit the Station to use all or part of the income earned on related investments for general or specific purposes. There were no permanently restricted net assets at June 30, 2010 and 2009, respectively.

Note 1 - Summary of Significant Accounting Policies (continued)

D. Use of Estimates

The preparation of financial statements in conformity with accounting principles accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

E. Revenue Recognition

Membership contributions and support from the University are recorded as revenue in the Statement of Activity when received. Restricted gifts and grants are recorded as revenue in the Statement of Activity to the extent that they have been expended for the purpose specified by the donor or grantor during the period.

F. Donated Facilities and Administrative Support

Donated facilities and administrative support from the University consist of office and studio space and an allocation of costs and certain other expenses incurred by the University on behalf of the Station.

Note 2 - Property and Equipment

Fixed assets are stated at cost when purchased or constructed. If acquired by gift, they are recorded at an objective, verifiable basis which is, in the judgement of Station management, a fair value for the Station's purposes (no independent third party appraisal is obtained). Expenditures for repairs and maintenance are charged to operating expense as incurred. Fixed assets are depreciated using the straight-line method over the estimated useful lives (5-30 years) of the individual assets. Depreciation expense amounted to \$53,686 and \$12,372 in 2010 and 2009, respectively.

Net property value at June 30, 2010 was as follows:

	<u>At Cost</u>	<u>Accumulated Depreciation</u>	<u>Net</u>

Note 3 - Cooperative Endeavor Agreement

In August 2007 a cooperative endeavor agreement was made between the Louisiana Educational Television Authority of the State of Louisiana (LETA) and KEDM. The purpose of this agreement is the support of public radio broadcasts for the citizens of the State of Louisiana, including the use of such broadcasts for instructional, educational, and cultural purposes, in accordance with the requirements of the station as a public broadcasting entity licensed by the Federal Communications Commission. The amount received in 2009 under the Cooperative Endeavor Agreement was \$14,285.

Note 4 - Digital Conversion Project I

KEDM completed two major capital projects during the fiscal year ended June 30, 2009. The first consisted of a power increase from 87.1 kilowatts to 100 kilowatts, funded by a federal grant from the Public Telecommunications Facilities Program, cooperative endeavor agreements administered by the Louisiana Educational Television Authority controlling the distribution of state funds, and locally-raised private funds. The second capital project consisted of the conversion of KEDM's transmission facilities to enable digital broadcasts, funded by a grant from the Corporation for Public Broadcasting, a special allocation from the State of Louisiana, and locally-raised private funds.

Note 5 - Digital Conversion Project II

KEDM completed a capital project during the fiscal year ended June 30, 2010, to add digital HD2 and HD3 transmission and programming capabilities, funded by a grant from the Corporation for Public Broadcasting and locally raised private funds.

Note 6 - Temporarily Restricted Net Assets

Temporarily Restricted Net Assets is comprised of revenue from a Corporation for Public Broadcasting ("CPB") Community Service Grant ("CSG"). The CSG contains the following restrictions:

1. No CPB funds shall be used for purposes of conducting any reception, or providing any other entertainment, for any officer or employee of the federal government or any state or local government.
2. No CPB funds shall be used to pay the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence legislation or appropriation before Congress or any state legislature.
3. No CSG funds may be expended on the production, acquisition or distribution of programs which do not qualify under CPB's Broadcast Schedule of eligibility criterion. Such programs include any that further the principles of particular political or religious philosophies, or that are designed primarily for in-school or professional in-service audiences.
4. The station's licensee may not impound or otherwise withhold or inappropriately restrict the use of CSG funds by the station. CSG funds may not be used to supplant funds or other support already being provided to the station by the licensee, or to offset budgeting cutbacks by the licensee. For purposes of these General Provisions and Eligibility Criteria, "supplant" is defined as "to reduce the amount of funds or other support already being provided by the licensee in proportion to, or because of, funding through the CSG."
5. CSG funds may not be used to offset an institutional licensee's overhead or expenses.
6. CSG funds or proceeds from the liquidation or transfer of assets acquired with CSG funds must be used solely for the benefit of the public broadcast station.
7. Full-time station personnel whose salaries are paid by CSG funds must exercise full-time responsibilities over broadcast station operations. Such personnel shall not be required by the licensee to perform duties unrelated to the operation of the broadcast station.
8. CSG funds shall not be used by the grantee for personnel services, programming (both production and acquisition), or technical facilities in excess of standard amounts usually paid, charged or otherwise applied by the grantee for the same services and facilities under similar circumstances.
9. Grantee agrees that if, at any time during the grant period covered by this agreement, it should cease to provide the public broadcasting services for which this grant is made, it shall, upon request of CPB, return any or all of the grant funds to CPB.
10. Approximately 26 percent of the CSG must be spent on national program production and acquisition. This portion of the CSG must be used exclusively for the acquisition, production, promotion, and/or distribution of national programming of high quality, diversity, creativity, excellence, and innovation, with strict adherence to objectivity and balance in all programs or series of programs of a controversial nature.

Net assets were released from grantor restrictions by incurring expenses satisfying the purpose specified by the grantor as follows.
